

# Niranjani Krishnan Purushothaman

## About

A motivated computer science undergraduate student with steady source of motivation that drives me to do my best, looking for internship roles in your company to solve and actively help in the growth of your organization. I like to learn and explore in new technologies. I am passionate about my work. I love what I do and I thrive on challenges and constantly set goals for myself, so I have something to strive towards. I'm not comfortable with settling, and I'm always looking for an opportunity to do better and achieve greatness. I'm driven, energetic, enthusiastic, curious, adventurous and balanced. According to me, curiosity is the only thing which makes me to achieve something small or great.
